

HARMONIZE SOUND
AND STYLE.

The USG Ensemble® Acoustical Drywall Ceiling system is a breakthrough solution that delivers the ideal combination of seamless design and excellent acoustical performance. New innovations across USG technologies in drywall, finishing and acoustical systems come together in one system giving more options for what a ceiling can do, especially in high-end applications.

A modern office interior with a dark wood wall on the left featuring the 'Gensler' logo in orange. A man in a dark suit and glasses walks across the polished concrete floor. In the background, a woman in a light-colored suit walks past a reception desk with a large red 'G' logo. A staircase with a glass railing is visible on the right. The ceiling has exposed pipes and ductwork.
